

	Classification type	Tips for disposal	
A	Attache cases	Non-combustible	
	Audio equipment	Non-combustible	
	Audio speakers	Free of Charge Oversized Garbage	
	Automotive navigation system	Non-combustible	
B	Baby (backpack) carriers	Non-combustible	
	Baby baskets	Combustible	
	Baby bottles	Non-combustible	Be careful not to throw away heat resisting glass as "recyclable garbage" (glass waste)
	Baby-slings	Combustible	Items with plastic parts are considered "unburnable garbage"
	Backstratcher(plastic)	Non-combustible	
	Backstratcher(wooden)	Combustible	
	Backstratcher(metal)	Recyclable	metal
	Bags (paper)	Paper	Items with a plastic cover are also considered "paper"
	Bags (plastic)	Plastic	
	Bags for transfusion (for home healthcare • intravenous drip)	Combustible	Please refer to p9:Needles will not be collected
	Bags(Leather • nylon • cloth)	Non-combustible	
	Bags used for peritoneal dialysis(for home healthcare)	Combustible	Please refer to p9
	Bakery paper	Combustible	
	Balloons	Non-combustible	
	Ballpoint pen refills	Paper	Only those items for kitchen gardens etc.
	Ballpoint pens	Non-combustible	Only those items for kitchen gardens etc.
	Ball-point pens	Non-combustible	
	Balls (for sports, toys)	Non-combustible	
	Bamboo products	Kitchen Waste	If there are too many, put them in a designated bag next to the bucket
	Bamboo screens	Combustible	If the bamboo screens are too big, cut before throwing away
	Bamboo shoot peels	Combustible	
	Bamboo skins	Kitchen Waste	If there are too many, put them in a designated bag next to the bucket
	Bandaids	Combustible	
	Bank books	Combustible	
	Barber's clippers	Non-combustible	
	Barley tea packs	Combustible	Dry before throwing away
	Barrels for making pickles	Non-combustible	
	Baseball bats (metal)	Recyclable	metal
	Baseball bats (plastic)	Non-combustible	
	Baseball bats (wooden)	Combustible	
	Baskets (bamboo • rattan)	Combustible	
	Baskets (plastic)	Non-combustible	
	Baskets used for steaming food	Combustible	
	Bath mats	Non-combustible	
	Bath mats	Non-combustible	If it does not fit inside a designated garbage bag, throw away as Large-Size Waste
	Bath scales (metal)	Non-combustible	
	Bath scales (plastic, tempered glass)	Recyclable	metal
	Bath tubs	Difficult Items	Please refer to p22 (building materials section)
	Bathtub covers	Non-combustible	If it does not fit inside a designated garbage bag, throw away as Large-Size Waste
	Batteries	Difficult Items	Please refer to p22
	Batteries	Recyclable	Batteries
	Batteries	Recyclable	Batteries
	Battery chargers	Recyclable	Small consumer electronics
	Battery chargers (for rechargeable batteries)	Non-combustible	
	BBQ grills (stove, net)	Recyclable	metal

	Classification type	Tips for disposal	
B	BBQ nets	Recyclable	metal
	Beach parasols	Recyclable	metal
	Bean skins	Kitchen Waste	
	Beds (metal)	Recyclable	metal
	Beds (wooden)	Oversized Garbage (payment required)	
	Bee nests	Combustible	
	Beer bottle caps	Non-combustible	
	Beer bottles	Recyclable	Rinse off
	Belts	Non-combustible	
	Benches(wooden)	Oversized Garbage (payment required)	
	Bento boxes (aluminium)	Recyclable	metal
	Bento boxes (disposable plastic)	Plastic	Rinse off
	Bento boxes (plastic)	Non-combustible	
	Bento grass (for bento box)	Non-combustible	
	Bicycle saddles	Recyclable	metal
	Bicycle tires (rubber)	Non-combustible	
	Bicycle tires (with metal frame)	Recyclable	metal
	Bicycles (including electric bicycles)	Recyclable	metal
	Bicycles (training bicycles)	Recyclable	metal
	Big towels	Combustible	
	Binding tapes (paper)	Paper	
	Binding tapes (plastic)	Non-combustible	
	Binoculars	Non-combustible	
	Birdcages (metal)	Recyclable	metal
	Birdcages (wooden, bamboo)	Combustible	
	Blackboard erasers	Non-combustible	
	Blankets/Kotatsu blankets	Combustible	If it does not fit into a designated bag, take it directly to the waste disposal plant
	Blenders	Non-combustible	
	Blocks (concrete)	Difficult Items	Please refer to p22 (building materials section)
	Blood pressure meters	Non-combustible	Take items containing mercury directly to the waste disposal plant
	Blood pressure monitors	Non-combustible	
	Blouson (jacket)	Combustible	
	Blue tarps	Non-combustible	If it does not fit inside a designated garbage bag, throw away as Large-Size Waste
	Bluray players	Recyclable	Small consumer electronics
	Body boards	Free of Charge Oversized Garbage	
	Boilers	Difficult Items	Please refer to p22
	Books etc.	Recyclable	Tie the catalogs together
	Bookshelves	Oversized Garbage (payment required)	
	Boots (rubber)	Non-combustible	
	Bora soil	Free of Charge Oversized Garbage	Domestic use agriculture PP bags only
	Boric acid balls	Combustible	Including those inside containers
	Boric acid balls (with plastic container)	Combustible	The type used for clothing or screen doors
	Bottle caps (for example from jam or honey jars)(metal)	Non-combustible	
	Bottle openers	Recyclable	metal
	Bottles used for crafts	Non-combustible	Throw away as recyclable if there is no paint
	Bowling balls	Non-combustible	
	Bowls (metal)	Recyclable	metal
	Bowls (plastic)	Non-combustible	

	Classification type	Tips for disposal	
B	Bowls(glass)	Non-combustible	
	Branches	Combustible	When taking them to the collection site, cut them into 60cm-long branches and tie them with a string
	Branches (from pruning)	Combustible	When taking them to the collection site, cut them into 60cm-long branches and tie them with a string
	Breadmakers	Recyclable	metal
	Bricks・Concrete blocks	Difficult Items	Please refer to p22 (building materials section)
	Brooms (plastic)	Non-combustible	
	Brooms (soft rush, bamboo)	Combustible	
	Brushes	Combustible	
	Brushes (for calligraphy and painting)	Combustible	
	BS tuners	Non-combustible	
	Buckets (metal)	Recyclable	metal
	Buckets (plastic)	Non-combustible	
	Buckets (plastic)	Non-combustible	
	Buddhist altars, household shrines	Difficult Items	Please refer to p22
	Bulbs (botany)	Kitchen Waste	
	Button cells	Recyclable	Batteries
	Buttons	Non-combustible	
C	Cable	Recyclable	Small consumer electronics
	Cable reels	Recyclable	metal
	Cables (AV/PC)	Recyclable	Small consumer electronics
	Calculators	Recyclable	Small consumer electronics
	Calligraphy paper	Paper	Throw as paper even if written on
	Cameras	Non-combustible	Digital cameras should be thrown away as recyclables
	Can openers	Recyclable	metal
	Candles・Incense	Combustible	
	Candy	Kitchen Waste	
	Candy oblaat	Kitchen Waste	
	Canned food cans/lids	Recyclable	To be thrown away according to material indication: Rinse off
	Canned pet food	Recyclable	To be thrown away according to material indication: Rinse off
	Canteens (metal)	Recyclable	metal
	Canteens (plastic)	Non-combustible	
	Canvas for paintings	Combustible	
	CAPD bags (for peritoneal dialysis treatment)	Combustible	Please refer to p9
	Caps (for beverages: plastic)	Plastic	
	Car parts	Difficult Items	Please refer to p22
	Car radio	Non-combustible	
	Carbon paper/slips	Combustible	
	Card decks(paper)	Paper	
	Card decks(plastic)	Non-combustible	
	Cardboard	Recyclable	Cardboard: Tie with string and dispose as usual, even when wet. Smaller or shredded cardboard is to be put in between bigger ones or
	Cardboard(dirty objects) : oil・feces or urine	Combustible	Cardboard with oil stains or pet dirt is considered "burnable garbage".
	Cardboards	Paper	
	Cards (paper)	Paper	
	Cards (plastic)	Non-combustible	
	Carp banners	Non-combustible	
	Carpets	Free of Charge Oversized Garbage	
	Carpets	Free of Charge Oversized Garbage	
	Cartons (excluding beverage cartons)	Paper	Spice, liquid detergent and foodstuff containers are to be rinsed before disposal

	Classification type	Tips for disposal	
C	Case for seedling pots	Plastic	Wipe off before throwing away
	Cash cards	Non-combustible	
	Cassette decks	Non-combustible	
	Cassette recorders	Non-combustible	
	Cassette recorders	Non-combustible	
	Cassette tapes/Cassette tape cases	Non-combustible	The index paper is to be thrown away as "paper", the stickers as "burnable garbage"
	Casters	Non-combustible	
	Casting pots (iron pan)	Recyclable	metal
	Casts	Non-combustible	
	Cat litter	Non-combustible	
	Cat scratching posts (cardboard and wooden pieces inside)	Combustible	
	Catalogue (magazines)	Recyclable	Tie the catalogs together
	Cataplasm (spreadable type) containers	Plastic	The tube-type is "burnable garbage"
	Cataplasms	Non-combustible	
	Cataplasms	Combustible	
	Cataplasms (paper packaging)	Paper	
	Cataplasms (plastic film)	Non-combustible	
	Cataplasms (Plastic)	Plastic	
	Catheters (for home healthcare)	Combustible	Please refer to p9: Catheters with the needle still attached, will not be collected.
	Cauldrons	Recyclable	metal
	CD players	Non-combustible	
	CDs and CD cases	Non-combustible	Covers made from non-woven fabric are considered "burnable garbage"
	Cedar leaves	Combustible	
	Cellophane tape	Combustible	
	Cellphones	Recyclable	Small consumer electronics: Cellphones can also be collected at retail stores
	Cement	Difficult Items	Please refer to p22 (building materials section)
	Ceramic heaters	Recyclable	metal
	Chaff	Kitchen Waste	
	Chains(metal)	Recyclable	metal
	Chainsaws	Recyclable	metal
	Chairs (metal)	Recyclable	metal
	Chairs (plastic)	Non-combustible	
	Chairs (wooden)	Oversized Garbage (payment required)	
	Chargable batteries	Recyclable	Batteries: Please refer to p17
	Chestnut shells	Combustible	
	Chestnut skins	Kitchen Waste	
	Chewing gum	Combustible	
	Child seats	Free of Charge Oversized Garbage	
	Chisels	Recyclable	metal
	Chopstick containers	Non-combustible	
	Chopstick packaging (paper)	Paper	
	Chopstick packaging (plastic)	Plastic	
	Chopsticks (plastic)	Non-combustible	
	Chopsticks (wooden, bamboo)	Combustible	
	Christmas decorations	Non-combustible	
	Christmas lights	Non-combustible	
	Christmas trees (plastic)	Free of Charge Oversized Garbage	If it fits inside a designated bag, throw it as unburnable garbage
Cigarette butts	Combustible	Soak in water before throwing away	

	Classification type	Tips for disposal
C Cigarette pack plastic wrapping	Plastic	
Cigarette packs	Paper	
Clay (toys and school material)	Non-combustible	
Clear plastic bottles	Non-combustible	
Clear plastic folders	Non-combustible	
Clocks	Recyclable	Small consumer electronics
Closet drawers (wooden)	Oversized Garbage (payment required)	
Cloth wrappers (non-woven fabric)	Combustible	
Cloth wrappers (vinyl)	Plastic	
Clothes dryers	Electric Appliances Recycling	Please see p20
Clothes drying stands	Free of Charge Oversized Garbage	
Clothes hangers	Recyclable	metal
Clothes made from cotton or with cotton (daily necessities)	Combustible	
Clothes pegs	Non-combustible	Keepers that include metal parts should be thrown away as recyclable garbage
Clothes wrappers (fabric)	Combustible	
Clothes horses (metal)	Recyclable	metal
Clothing	Combustible	
Coal	Combustible	
Coffee container (bottle)	Recyclable	
Coffee machines (glass pot)	Non-combustible	
Coffee machines (metal pot)	Recyclable	metal
Coffee machines (whole)	Non-combustible	
Collanders (bamboo)	Combustible	
Collanders (metal)	Recyclable	metal
Collanders (plastic)	Non-combustible	
Collars	Non-combustible	
Colored paper	Paper	
Colostomy bag (for home healthcare)	Combustible	Please refer to p9
Colostomy bag (for home healthcare)	Combustible	Please refer to p9
Combs (metal)	Recyclable	metal
Combs (plastic)	Non-combustible	
Compass (stationary)	Non-combustible	
Component stereo (audio devices)	Non-combustible	If it does not fit inside a designated garbage bag, throw away as Large-Size Waste
Compressed gas cylinder (propane)	Difficult Items	Please refer to p22
Compressors (domestic use)	Recyclable	metal
Computer displays	Recycling PC	Please refer to p21
Computer mice	Non-combustible	
Concrete • Concrete blocks	Difficult Items	Please refer to p22 (building materials section)
Contact lenses/storage cases	Non-combustible	
Containers and lids for cup ramen (paper)	Paper	Wipe off before throwing away
Containers and lids for cup ramen (plastic)	Plastic	Wipe off before throwing away
Containers, lids and plastic trays for hors d'oeuvres	Plastic	Wipe off before throwing away
Controller (game console etc.)	Recyclable	Small consumer electronics
Cookie box dividers (paper)	Paper	
Cookie box dividers (plastic)	Plastic	
Cookie boxes (metal)	Recyclable	To be thrown away according to material indication
Cookie boxes (paper)	Paper	
Cooking grids (metal)	Recyclable	metal

	Classification type	Tips for disposal
C Cooking oil	Recyclable	Put it in a plastic bottle and screw the lid tightly
Cooking oil (vegetable edible oils)	Recyclable	Put it in a plastic bottle and screw the lid tightly
Cooking oil containers (cans)	Recyclable	To be thrown away according to material indication: Rinse off
Cooking oil containers (plastic)	Plastic	Rinse off
Cooking oil strainer for sediments	Combustible	
Coolant • Cataplasms	Non-combustible	
Cooler bags	Non-combustible	
Cooling pillows	Non-combustible	
Copy machines (domestic use)	Non-combustible	
Copying paper	Paper	
Cords (polypropylene)	Non-combustible	
Corkboards	Combustible	
Corks	Combustible	
Corn cobs	Kitchen Waste	
Corrugated sheets	Difficult Items	Please refer to p22 (building materials section)
Corset braces	Non-combustible	
Cosmetic bottles/containers (glass)	Recyclable	Rinse off
Cosmetic bottles/containers (plastic)	Plastic	Rinse off and dry
Cotton work gloves	Combustible	
Couches	Oversized Garbage (payment required)	
Couches	Oversized Garbage (payment required)	
Crab shells	Kitchen Waste	
Cradles (wooden/rattan)	Combustible	Items too bulky to fit the designated bag are to be disposed off as "oversized waste"
Craft band	Combustible	
Crayon cases (paper)	Paper	
Crayon cases (plastic)	Non-combustible	
Crayons	Combustible	
CS Digital tuners	Non-combustible	
Cupboards	Oversized Garbage (payment required)	
Cups (ceramic, glass, plastic)	Non-combustible	
Cups (metal)	Recyclable	metal
Cups and plates (paper)	Paper	Wipe off before throwing away
Curing tape	Combustible	
Curling irons	Non-combustible	
Curtain hooks (metal)	Recyclable	metal
Curtain hooks (plastic)	Non-combustible	
Curtain rails (metal)	Recyclable	metal
Curtain rails (plastic)	Non-combustible	If it does not fit into a designated bag, take it directly to the waste disposal plant
Curtains	Combustible	Remove the hook before throwing away
Cushions (cotton)	Combustible	
Cushions (foam)	Non-combustible	
Cutlery (metal)	Recyclable	metal
Cutlery (plastic)	Non-combustible	
Cutlery (wooden, bamboo)	Combustible	
Cutter knife blades	Non-combustible	
Cutter knives	Non-combustible	
Cutting boards (plastic)	Non-combustible	
Cutting boards (wooden)	Combustible	

	Classification type	Tips for disposal
D	Deck brushes with plastic handles	Non-combustible
	Deck brushes with wood/bamboo handle	Combustible
	Dehumidifiers (Jelly-like types)	Non-combustible
	Dehumidifiers (machine)	Non-combustible
	Dehumidifiers (Water-accumulation types)	Plastic Rinse off
	Dentures	Non-combustible
	Deodorant container	Plastic Rinse off
	Deodorant(spray cans)	Recyclable To be thrown away according to material indication: Make a whole before disposal
	Desiccants (silica gel)	Combustible
	Desk lamps (metal)	Recyclable metal
	Desk lamps (plastic)	Non-combustible
	Desk mats	Non-combustible
	Desks (metal)	Recyclable metal
	Desks (wooden)	Oversized Garbage (payment required)
	Detergent containers * refill packs(paper)	Paper
	Detergent containers * refill packs(plastic)	Plastic Rinse off and dry
	Diapers	Combustible Remove the contents of the dirty diaper
	Diapers (cloth type)	Combustible Remove the contents of the dirty diaper
	Diapers( paper)	Combustible Remove the contents of the dirty diaper
	Dictionaries	Recyclable Tie the catalogs together
	Digital cameras	Recyclable Small consumer electronics : To be returned to respective shops
	Dishes (glass, ceramic, plastic)	Non-combustible
	Dishwashers (and -dryers)	Non-combustible Metal parts should be thrown away as recyclable
	Disposable chopsticks	Combustible
	Disposable heat pack (body warmer)	Non-combustible
	Disposable self heating hand warmers	Non-combustible
	Diving suits	Non-combustible
	Documents	Paper Carbon paper and thermal paper are "burnable garbage"
	Doghouses (plastic)	Free of Charge Oversized Garbage
	Doghouses (wooden)	Oversized Garbage (payment required)
	Doghouses(Crates)	Recyclable metal: Plastic parts of the floor board are "unburnable garbage". Items that do not fit the designated garbage bags are to be thrown
	Doll	Non-combustible
	Doll cases	Non-combustible
	Door knobs	Recyclable metal
	Doors	Difficult Items Please refer to p22 (building materials section)
	Down jackets	Combustible
	Drawers	Oversized Garbage (payment required)
	Drawers (plastic)	Non-combustible If it does not fit inside a designated garbage bag, throw away as Large- Size Waste
	Drawers (wooden)	Oversized Garbage (payment required) Throw away as oversized garbage even if taken apart
	Drawing paper	Paper Throw as paper even if written on
	Drawing pins * push pins	Non-combustible
	Drawstring bags (cloth)	Combustible
	Dress shirts	Combustible
	Dressers	Oversized Garbage (payment required)
	Dressing bottles and lids (glass)	Recyclable Rinse off
	Dressing bottles and lids (plastic)	Plastic Rinse off and dry
	Drills	Recyclable metal
	Drinking yoghurt packaging (PET)	Recyclable Pet bottle: Remove the lable and rinse out remains

	Classification type	Tips for disposal
D	Dry cleaning poly bags	Non-combustible
	Dumbbells	Recyclable metal
	Dust cloths	Combustible
	Dust mops (metal)	Recyclable metal
	Dust mops(plastic)	Non-combustible
	Dust mops(wooden)	Combustible
	Dust pans (metal)	Recyclable metal
	Dust pans (plastic)	Non-combustible
	DVD and HDD recorders	Recyclable Small consumer electronics
	DVD players	Recyclable Small consumer electronics
	DVDs, DVD cases	Non-combustible
E	Ear picks (bamboo/wooden)	Combustible
	Ear picks (metal)	Recyclable metal
	Ear picks (plastic)	Non-combustible
	Earmuffs	Combustible
	Earphones	Non-combustible
	Earthen charcoal braziers	Non-combustible
	Earthen charcoal braziers (metal)	Recyclable metal
	Earthenware pots	Non-combustible
	E-book devices (tablets)	Recyclable Small consumer electronics
	Egg containers (paper)	Paper
	Egg containers (plastic)	Plastic
	Eggshells	Kitchen Waste
	Electones	Difficult Items Please refer to p22(Large musical instruments)
	Electric bicycle	Recyclable metal
	Electric blankets	Non-combustible
	Electric boilers	Difficult Items Please refer to p22
	Electric drills	Recyclable metal
	Electric feet warmers	Recyclable metal
	Electric fryers	Recyclable metal
	Electric heated rugs	Free of Charge Oversized Garbage
	Electric kettles	Recyclable metal
	Electric kettles	Recyclable metal
	Electric organs	Difficult Items Please refer to p22
	Electric radiant heaters	Recyclable metal
	Electric razors	Non-combustible
	Electric razors	Non-combustible
	Electric rice cookers	Recyclable metal
	Electric screwdrivers	Recyclable metal
	Electric toothbrushes	Non-combustible
	Electronic cigarette * heat-not-burn tobacco product	Recyclable Batteries:Charging cables are considered "small appliances".Small consumer electronics
	Electronic dictionaries	Recyclable metal
	Empty boxes (made of metal)	Recyclable metal
	Empty boxes (paper)	Paper
	Empty boxes (wooden)	Combustible
	Empty paint cans	Recyclable To be thrown away according to material indication: Wipe off with paper/fabric
	Encyclopaedias	Recyclable Tie the catalogs together
	Energy drink bottles (glass)	Recyclable Rinse off

	Classification type	Tips for disposal
E	Energy drink lids (metal)	Non-combustible
	Engine oil	Difficult Items Please refer to p22
	Engine oil cans	Recyclable To be thrown away according to material indication: Use cloth or paper to wipe off oily remains from the can and throw the cloth or paper
	Entrance mats (metal)	Recyclable metal
	Entrance mats (plastic)	Non-combustible
	Envelopes	Paper Cushioned envelopes or those with windows are to be thrown away as they are
	Envelopes (vinyl-type used for direct mail)	Non-combustible
	Envelopes of direct mail (paper)	Paper
	Envelopes of direct mail (plastic)	Non-combustible
	Erasers	Non-combustible
	ETC units	Non-combustible
	Exercise equipment	Free of Charge Oversized Garbage
	Extension cords	Recyclable Small consumer electronics
	External plastic films for cup ramen	Plastic
	Eye drops containers (plastic)	Plastic
	Eyeglass cases	Non-combustible
F	Fabric scraps	Combustible
	Fabric tape	Combustible
	Face shields・sun visors	Combustible
	Fan heaters	Recyclable metal: Remove all the kerosene before throwing away
	Farm equipment	Difficult Items Please refer to p22
	Farsighted glasses	Non-combustible
	Faucets	Recyclable metal
	Fax machines	Recyclable Small consumer electronics
	Feed (for animals)	Kitchen Waste
	Feedsacks	Paper Domestic use agriculture PP bags only
	Felt-tip pens	Non-combustible
	Fences	Difficult Items Please refer to p22 (building materials section)
	Fertilizer (Chemical fertilizer phosphorus・nitrogen)	Difficult Items Please refer to p22:Because substances affecting the quality of water will ooze out, the city does not accept this type of waste
	Fertilizer bags	Plastic Wipe off before throwing away
	Fertilizer (humus)	Free of Charge Oversized Garbage Domestic use agriculture PP bags only
	Figurines	Non-combustible
	Files (paper with metal binding)	Paper Metal bindings are recyclable garbage. To be thrown away as "unburnable garbage", if disassembly should not
	Fire alarm box (home use)	Non-combustible Remove the batteries
	Fire extinguishers	Difficult Items Please refer to p22 (building materials section)
	Fire extinguishers	Difficult Items Please refer to p22
	Fireworks	Combustible Soak in water. (Unused items must also be soaked before thrown away)
	Fishing tools	Non-combustible
	Fitted sheets	Combustible
	Fixtures	Difficult Items Please refer to p22 (building materials section)
	Flashlights (bulbs)	Recyclable Fluorescent lights・Light bulbs
	Flashlights (LED)	Non-combustible Remove the batteries
	Flashlights (metal)	Recyclable metal: Light bulbs・Remove the batteries
	Flashlights (plastic)	Non-combustible Light bulbs・Remove the batteries
	Floats	Non-combustible
	Floodlights	Recyclable metal
	Floor chairs	Free of Charge Oversized Garbage
	Floor grates (plastic)	Non-combustible

	Classification type	Tips for disposal
F	Floor grates (wooden)	Oversized Garbage (payment required)
	Floppy disk cases	Non-combustible
	Floral foam	Non-combustible
	Floral wraps (plastic)	Plastic
	Flowers	Kitchen Waste If there are too many, put them in a designated bag next to the bucket
	Flowers (from weeding etc.)	Kitchen Waste If there are too many, put them in a designated bag next to the bucket
	Fluorescent lights (tubes/bulbs)	Recyclable Fluorescent lights : Broken lamps should also be thrown away as recyclables
	Flutes	Non-combustible
	Fly swatters	Non-combustible
	Folders (plastic)	Non-combustible
	Folders・Clipboards (paper)	Paper The binding is "unburnable garbage". If dismantling should be impossible, throw away as it is
	Folding beds	Oversized Garbage (payment required) Keepers that include metal parts should be thrown away as recycle garbage
	Folding chairs	Recyclable metal
	Foodtrays	Plastic Rinse off
	Foot massagers	Non-combustible
	Forks(metal)	Recyclable metal:May be thrown away with the wooden part still attached
	Forks(plastic)	Non-combustible
	Foundation cases (with mirror)	Non-combustible
	Fountain pens	Non-combustible
	Framed glass	Recyclable Sheet glass : Includes broken items as well
	Freezer bags	Non-combustible
	Freezer bags	Non-combustible
	Frosted glass	Recyclable Sheet glass : Includes broken items as well
	Fruit baskets	Plastic
	Fruit cases (plastic)	Plastic
	Fruits	Kitchen Waste
	Frying pan lids (glass)	Non-combustible
	Frying pans	Recyclable metal
	Funnels (metal)	Recyclable metal
	Funnels (plastic)	Non-combustible
	Futon beaters (plastic)	Non-combustible
	Futon beaters (wooden)	Combustible
Futon compression bags (plastic)	Non-combustible	
Futon covers	Combustible	
Futon dryers	Non-combustible	
Futons	Oversized Garbage (payment required) Tie with a string and dispose off at the depot	
G	Galvanized iron sheets	Difficult Items Please refer to p22 (building materials section)
	Game cartridges	Non-combustible
	Game cartridges	Non-combustible
	Game consoles	Recyclable Small consumer electronics
	Game consoles	Recyclable Small consumer electronics
	Garbage bag	Non-combustible
	Garden trowels (metal)	Recyclable metal
	Garden trowels (plastic)	Non-combustible
	Garment bags (Mixture of nonwoven fabric and vinyl)	Combustible
	Garment bags (vinyl)	Non-combustible
	Gas burners	Recyclable metal: Wipe off before throwing away
	Gas heaters	Recyclable metal

		Classification type	Tips for disposal	
G	Gas water heaters (for bathtubs)	Difficult Items	Please refer to p22	
	Gasoline	Difficult Items	Please refer to p22	
	Gasoline portable cans (metal)	Recyclable	metal: Rinse off	
	Gauze	Combustible		
	Geta	Combustible		
	Geta boxes (plastic)	Free of Charge Oversized Garbage		
	Geta boxes (wooden)	Oversized Garbage (payment required)		
	Glass	Non-combustible		
	Glass bottle lids(metal)	Non-combustible		
	Glass cases (aquarium, doll cases, ...)	Non-combustible		
	Glass doors	Difficult Items	Please refer to p22 (building materials section)	
	Glass lids (for cooking pots)	Non-combustible		
	Glasses	Non-combustible		
	Glassspots	Non-combustible		
	Globe light bulbs	Recyclable	Fluorescent lights ・Light bulbs	
	Globes	Non-combustible		
	Gloves	Non-combustible		
	Gloves (fabric/leather)	Combustible		
	Gloves (for home healthcare)	Combustible	Please refer to p9	
	Gloves (rubber/vinyl)	Non-combustible		
	Goggles	Non-combustible		
	Golf bags	Free of Charge Oversized Garbage		
	Golf balls	Non-combustible		
	Golf clubs	Recyclable	metal	
	Golf nets	Non-combustible		
	Golf shoes	Non-combustible		
	Goza mats (rush)	Combustible		
	Goza mats (vinyl/plastic)	Non-combustible		
	Grass cutters	Recyclable	metal	
	Greenhouse plastic sheeting	Difficult Items	Please refer to p22	
	Grinding machines	Recyclable	metal	
	Guitar strings	Non-combustible		
	Guitars	Free of Charge Oversized Garbage		
	Gypsum boards	Difficult Items	Please refer to p22 (building materials section)	
	H	Hair	Combustible	
		Hair clippers	Non-combustible	
		Hair color containers	Non-combustible	
		Hair dryers	Non-combustible	
		Hair pins	Non-combustible	
		Hair straighteners	Non-combustible	
		Hairbands/scrunchies	Non-combustible	
		Hair-care products(plastic)	Plastic	
		Hair-care products(spray cans)	Recyclable	To be thrown away according to material indication: Make a whole before disposal
		Halogen heater	Recyclable	metal
		Hammers	Recyclable	metal
		Hammers(metal)	Recyclable	metal
		Hammers(rubber)	Non-combustible	
Hand bags, purses (leather, nylon, fabric)		Non-combustible		

		Classification type	Tips for disposal	
H	Hand fans (bamboo and paper)	Combustible		
	Hand fans (plastic)	Non-combustible		
	Hand mixers	Non-combustible		
	Handcream tubes (plastic)	Plastic	Rinse off	
	Handcream tubes (tubes)	Combustible	To be thoroughly rinsed and then disposed off as "plastic containers and packaging"	
	Handheld electronic games	Recyclable	Small consumer electronics	
	Handkerchiefs	Combustible		
	Handles made from metal	Recyclable	metal	
	Hangers (metal)	Recyclable	Metal items: To be thrown away without removing the coating	
	Hangers (plastic)	Non-combustible		
	Hangers (wooden with metal parts)	Non-combustible		
	Hanging lanterns	Non-combustible	Light bulbs, Remove the batteries	
	Hard Disk Drive (HDD) recorders	Recyclable	Small consumer electronics	
	Hard disk recorders	Recyclable	Small consumer electronics	
	Hard disks	Recyclable	metal	
	Hats	Combustible	Including sun visors and face shields	
	Headphones	Non-combustible		
	Hearing aids	Non-combustible		
	Heat insulating sheets	Non-combustible	Heat insulating items for home used are considered "difficult to dispose"	
	Heated low tables (heater)	Recyclable	metal	
	Heated low tables (kotatsu futon)	Oversized Garbage (payment required)	To be tied with a thread and dropped off at the depot	
	Heated low tables (kotatsu)	Oversized Garbage (payment required)		
	Heated low tables (tabletop)	Oversized Garbage (payment required)		
	Heat-resistant glass	Non-combustible		
	Heat-sensitive paper	Combustible		
	Hedge trimmers	Recyclable	metal	
	Helmets	Non-combustible		
	Herbicide packaging (plastic)	Plastic	Rinse off and dry	
	High-pressure cleaners	Non-combustible	Domestic use high-pressure cleaners only	
	Hina dolls	Non-combustible		
	Hose reels (metal)	Recyclable	metal	
	Hose reels (plastic)	Non-combustible		
	Hoses (vinyl, rubber)	Non-combustible		
	Hot carpets and covers	Free of Charge Oversized Garbage		
	Hot plates	Recyclable	metal	
	Hot water dispensers	Recyclable	metal	
	Hot water supply systems	Difficult Items	Please refer to p22	
	Hot-water bottles (metal)	Recyclable	metal	
	Hot-water bottles (plastic)	Non-combustible		
	Hubcaps for cars	Difficult Items	Please refer to p22	
	Humidifiers	Non-combustible		
	I	IC Recorders	Non-combustible	
		Ice cream paper cups	Paper	Wipe off before throwing away
		Ice cream sticks (plastic)	Non-combustible	
		Ice cream sticks (wooden)	Combustible	
		Ice packs	Non-combustible	
		Ice picks	Recyclable	metal
		Ice skates	Non-combustible	

	Classification type	Tips for disposal	
I	Ice tray (plastic)	Non-combustible	
	IH cooktops(embedding)	Difficult Items Please refer to p22 (building materials section)	
	IH cooktops(portable)	Recyclable metal	
	Illumination (decorative)	Non-combustible	
	Inhalers (electric)	Non-combustible	
	Incense・Candles	Combustible	
	Induction cooktops	Recyclable metal	
	Industrial corrugated sheets	Difficult Items Please refer to p22 (building materials section)	
	Injection needles	Difficult Items Injection needles are to be returned to the medical facility or pharmacy that prescribed them	
	Injection tubes(for home healthcare)	Combustible Please refer to p9: Injection needles are not collected.	
	Ink cartridges (for printers)	Non-combustible Please consider disposing electronic articles through shops offering such services	
	Ink pads	Non-combustible	
	Ink pads	Non-combustible	
	Ink ribbons (for word processors)	Non-combustible	
	Insect cages	Non-combustible	
	Insect repellent tablets	Combustible	
	Insect repellent tablets containers (paper)	Combustible	
	Insect repellent tablets containers (plastic)	Plastic The type used for clothing or screen doors	
	Insecticide (spray)	Recyclable To be thrown away according to material indication: Make a whole before disposal	
	Instant noodles (garnish and pepper bags)	Combustible To be thoroughly rinsed and then disposed off as "plastic containers and packaging"	
	Instant water heater (kitchen)	Recyclable metal	
	Interdental brushes	Non-combustible	
	Interphones	Non-combustible	
	Iron dumbbells	Recyclable metal	
	Iron plates (for cooking)	Recyclable metal	
	Ironing boards (metal)	Recyclable metal	
	Ironing boards (plastic)	Non-combustible	
	Ironing boards (wooden)	Combustible	
	Irons	Recyclable metal	
	J	Jack plugs	Non-combustible
		Jackets	Combustible
		Jacks	Recyclable metal
		Japanese sliding screens	Difficult Items Please refer to p22 (building materials section)
Japanese writing paper		Paper Throw as paper even if written on	
jars		Recyclable	
Jars (glass)		Recyclable Broken lamps should also be thrown away as recyclables	
Jelly packaging(plastic)		Plastic Rinse off and dry	
Juice packs (paper)		Combustible	
Juice packs (plastic)		Plastic Rinse off and dry	
Juicers		Non-combustible	
Juubako (plastic)		Non-combustible	
Juubako (wooden)		Combustible	
K		Karaoke machines	Free of Charge Oversized Garbage Domestic use karaoke machines only
		Kendō armors	Non-combustible
	Kerosene fuel	Difficult Items Please refer to p22	
	Kerosene fuel cans	Non-combustible Rinse off	
	Kerosene pumps	Non-combustible Batteries are to be removed from electronic articles before throwing them away	
	Kerosene pumps	Non-combustible Batteries are to be removed from electronic articles before throwing them away	

	Classification type	Tips for disposal
K	Kettles	Recyclable metal
	Kettles	Recyclable metal
	Keyboards (for PC)	Non-combustible
	Keyboards (instrument)	Free of Charge Oversized Garbage
	Keychains	Non-combustible
	Keys	Recyclable metal
	Kimonos	Combustible
	Kimonos	Combustible
	Kitchen knife sharpeners	Non-combustible
	Kitchen scales	Non-combustible
	Kitchen scraps	Kitchen Waste
	Kitchen waste	Kitchen Waste Dry before throwing away
	Kitchen waste processed by a kitchen waste processor	Kitchen Waste
	Kitchen waste processors	Non-combustible If it does not fit inside a designated garbage bag, throw away as Large-Size Waste
	Knee guards	Combustible
	Knitting machines	Recyclable metal
	Knives	Recyclable metal
	Knives	Recyclable metal
	Knives	Recyclable metal
	L	Labels(paper)
Labels(plastic)		Plastic
Ladders (metal)		Recyclable metal
Ladders(wooden)		Oversized Garbage (payment required)
Ladles (metal)		Recyclable metal
Ladles (metal)		Recyclable metal
Ladles (plastic)		Non-combustible
Ladles (plastic)		Non-combustible
Laminated things		Non-combustible
Laminators		Non-combustible
Lamp shades (glass,plastic)		Non-combustible
Lamps		Recyclable metal
Lamps (bulb)		Recyclable LED light bulbs should be throw away as non-burnable
Lamps (glass,plastic parts)		Non-combustible
Lamps (LED)		Non-combustible LED light bulbs and tubes are "unburnable garbage"
Lamps (metal parts)		Recyclable metal
Laser disk players		Recyclable Small consumer electronics
Laser disks		Non-combustible
Lattices(wooden)		Oversized Garbage (payment required)
Laundry baskets		Non-combustible
Leaflets		Recyclable Tie the catalogs together
Leaflets		Recyclable Tie the catalogs together
Leather coats		Combustible
Leather gloves		Combustible
Leather jackets		Combustible
Leather shoes		Non-combustible
Leaves	Kitchen Waste If there are too many, put them in a designated garbage bag next to the kitchen waste bucket.	
LED (bulbs and tubes, Lamps)	Non-combustible The garbage will be collected even if luminiscent tubes should protrude from the designated garbage bag	
Leftovers	Kitchen Waste	

		Classification type	Tips for disposal	
L	Leisure chairs(metal)	Recyclable	metal	
	Leisure tables (metal)	Recyclable	metal	
	Leisure tables(plastic)	Non-combustible	If it does not fit inside a designated garbage bag, throw away as Large-Size Waste	
	Lenses	Non-combustible		
	Letter paper	Paper		
	Letters	Paper		
	Lids for hot plates(glass)	Non-combustible		
	Lids for hot plates(metal)	Recyclable	metal	
	Life jackets	Non-combustible		
	Light bulbs	Recyclable	LED light bulbs should be throw away as non-burnable	
	Light bulbs	Recyclable	LED light bulbs should be throw away as non-burnable	
	Light bulbs(bulb)	Recyclable	Fluorescent lights • Light bulbs	
	Lighters	Non-combustible	To be fully emptied before disposal. Those with remains inside are to be dropped off at the depot.	
	Lipsticks	Non-combustible		
	Liquid detergent containers (paper)	Paper	Rinse off and let dry	
	Liquid detergent containers (plastic)	Plastic	Rinse off and let dry	
	Liquid detergent measuring cups	Non-combustible		
	Lithium-ion-batteries	Recyclable	Batteries:Including items where item and lithium-ion-battery come as one	
	Long desks	Oversized Garbage (payment required)		
	Loupes	Non-combustible		
	Low tables	Oversized Garbage (payment required)		
	Lunch jars (metal)	Recyclable	metal	
	Lunch jars(plastic)	Non-combustible		
	M	Machine oil	Difficult Items	Please refer to p22
		Machine oil containers	Recyclable	To be thrown away according to material indication: Wipe off with fabric or paper
		Magazines	Recyclable	Tie the catalogs together
		Magnetic mats	Free of Charge Oversized Garbage	
		Magnets	Non-combustible	
		Magnifying glasses	Non-combustible	
		Mahjong tables	Free of Charge Oversized Garbage	Domestic use karaoke machines only
Mahjong tiles • mats		Non-combustible		
Mail boxes (metal)		Recyclable	metal	
Mail boxes (plastic)		Non-combustible		
Main part of lamps(metal)		Recyclable	metal	
Marbles		Non-combustible		
Margarine/butter containers		Plastic	Rinse off	
Marker pens		Non-combustible		
Mascaras		Non-combustible		
Masks (fabric/nonwoven fabric)		Combustible		
Massage chairs		Oversized Garbage (payment required)	Please refer to "Massage" for any related item other than "Massage chair"	
Massage chairs		Oversized Garbage (payment required)		
Massaging machines		Non-combustible	If it does not fit inside a designated garbage bag, throw away as Large-Size Waste	
Matches		Combustible	Soak in water before throwing away	
Mats		Non-combustible		
Mats (metal)		Recyclable	metal	
Mattresses (with springs)		Oversized Garbage (payment required)		
Mattresses (with springs)		Oversized Garbage (payment required)		
Mattresses (without springs)		Free of Charge Oversized Garbage		

		Classification type	Tips for disposal
M	Mayonnaise • ketchup containers (tubes • small-bag-type)	Combustible	To be thoroughly rinsed and then disposed off as "plastic containers and packaging"
	MD players	Non-combustible	
	MDs	Non-combustible	
	MDs and MD cases	Non-combustible	
	Measuring cups/spoons (metal)	Recyclable	metal
	Measuring cups/spoons (plastic)	Non-combustible	
	Measuring tapes (metal)	Recyclable	metal
	Measuring tapes (plastic)	Non-combustible	
	Mechanical pencils	Non-combustible	
	Medical thermometers	Non-combustible	Take items containing mercury directly to the waste disposal plant
	Medicine (powder, tablets, capsules, liquid)	Combustible	
	Medicine bottles (glass)	Recyclable	Remove cap (throw away as unburnable)
	Medicine bottles (plastic)	Plastic	
	Medicine packaging	Plastic	Medicine itself is Burnable
	Melodicas	Non-combustible	
	Melodicas	Non-combustible	
	Memo sheets	Paper	
	Memory cards	Non-combustible	
	Mesh nettings (plastic)	Non-combustible	
	Mesh sink strainers	Non-combustible	
	Mesh sink strainers (nonwoven fabric • Stockings)	Combustible	
	Metal pipes	Recyclable	metal:Only those items for kitchen gardens etc.
	Microphones	Non-combustible	
	Microwave stands • range hoods (metal)	Recyclable	metal
	Microwaves	Recyclable	metal
	Milk cans	Recyclable	To be thrown away according to material indication
	Milk cartons (paper)	Combustible	Rinsed and dried milk cartons will be accepted by some supermarkets for disposal
	Mini stereos	Non-combustible	If it does not fit inside a designated garbage bag, throw away as Large-Size Waste
	Mirrors	Non-combustible	Dresser mirrors should be thrown away as oversized garbage (payment required)
	Mizuhiki	Combustible	
	Mobile batteries	Recyclable	Batteries:Partner shops will also accept these.
	Mochi makers	Recyclable	metal
	Moisture absorption sheets	Combustible	Regardless of the material
	Mosquito	Combustible	
	Mosquito coils	Recyclable	To be thrown away according to material indication
	Mosquito nets	Non-combustible	
	Motion sensor lights	Non-combustible	
	Motorbicycles	Difficult Items	Please refer to p22
	Motorized bicycles	Difficult Items	Please refer to p22
	Mouse glue traps	Combustible	
Moxa	Combustible		
MP3 players (ipod etc.)	Non-combustible		
Multiplug adapters	Non-combustible		
Music boxes	Non-combustible		
N	Nail clippers	Recyclable	metal
	Nail polish containers	Non-combustible	
	Nails (metal)	Recyclable	metal: Insert inside a small bag before throwing
	Nattou container	Plastic	Rinse off and dry

		Classification type	Tips for disposal	
N	Neckties	Combustible		
	Needle-point-holders (for ikebana)	Recyclable	metal	
	Needles (for sewing)	Non-combustible		
	Negative cases	Plastic		
	Negative films for photography	Non-combustible		
	Negatives (photography)	Non-combustible		
	Negatives (photography)	Non-combustible		
	Newspapers	Recyclable	Newspapers, leaflets: Tie with a when throwing away. These will be recycled even when wet.	
	Nightlights	Recyclable	Fluorescent lights	
	Non digital thermometers	Non-combustible	Take items containing mercury directly to the waste disposal plant	
	Non-woven fabric (cloth wrappers)	Combustible		
	Non-woven fabric clothes storage bags	Combustible	Those with windows made from plastic are "burnable garbage"	
	Non-woven fabric clothes storage boxes	Combustible		
	Noodles	Kitchen Waste		
	Notebooks	Recyclable	Tie the catalogs together	
	Nozzles(plastic)	Plastic		
	Nursing beds	Oversized Garbage (payment required)		
	Nutrient package (for home healthcare)	Combustible	Please refer to p9	
	Nutrient syringes (for home healthcare)	Combustible	Please refer to p9: Injection needles are not collected.	
	Nuts and bolts	Recyclable	metal:Small items are to be put into a designate bag and thrown away	
Nylon towels	Non-combustible			
O	Obi (garment)	Combustible		
	Office chairs (revolving • gas-lift type)	Difficult Items	Pertaining office chairs used at home, the metal parts are "recyclable waste", the plastic parts are "unburnable garbage".	
	Oil (animal cooking oil, beef tallow, lard)	Combustible	Soak the oil into fabric or freeze it with a coagulating agent	
	Oil (for absorbing sheets)	Difficult Items	Please refer to p22	
	Oil containers (cans)	Recyclable	To be thrown away according to material indication: emptied and To be thrown away according to material indication: clean	
	Oil containers (glass)	Recyclable	Rinse off	
	Oil containers (plastic)	Plastic	Rinse off	
	Oil heaters	Recyclable	metal	
	Oil heaters	Recyclable	metal: Remove all the kerosene before throwing away	
	Organs	Difficult Items	Please refer to p22(Large musical instruments)	
	Origami paper	Paper		
	Outside airconditioning appliances	Electric Appliances Recycling	Please see p20	
	Oven microwaves	Recyclable	metal	
	Oven toasters	Recyclable	metal	
	Oxygen absorbers	Combustible		
	Oxygen absorbers (for home healthcare)	Combustible	Please refer to p9	
	Oxygen masks (for home healthcare)	Combustible	Please refer to p9	
	P	Pachinko machines(for domestic purposes)	Oversized Garbage (payment required)	Domestic use karaoke machines only
		Pacifiers	Non-combustible	
		Packaging tape (paper/cloth)	Combustible	
Packaging tape (PP-tape)		Non-combustible		
Packaging tape core (paper)		Paper		
Packing foam (paper)		Paper		
Packing foam (plastic)		Plastic		
Paddles		Combustible		
Pails (metal)		Recyclable	metal	
Pails (plastic)		Non-combustible		

		Classification type	Tips for disposal
P	Pails (wooden)	Combustible	
	Paint	Combustible	Clean with a piece of cloth
	Paint cans(metal)	Recyclable	To be thrown away according to material indication: Wipe off with paper/fabric
	Paint cans(plastic)	Non-combustible	
	Paint spray cans	Recyclable	To be thrown away according to material indication: Make a whole before disposal
	Paint spray cans' lids • nozzles(plastic)	Plastic	
	Paint tubes (metal)	Non-combustible	
	Paint tubes (plastic)	Combustible	To be thoroughly rinsed and then disposed off as "plastic containers and packaging"
	Pants	Combustible	
	Paper clay (toys/material)	Non-combustible	
	Paper containers for beverages	Combustible	No need to separate the plastic part
	Paper containers for beverages	Combustible	
	Paper envelopes for putting money in as a present	Paper	Decorative cords (mizuhiki) are "burnable garbage"
	Paper lanterns	Non-combustible	
	Paper shredders (non-industrial)	Combustible	
	Paper towels	Combustible	
	Paper towels (core)	Paper	
	Paperclips	Non-combustible	
	Papers	Paper	
	Partitioning screens	Oversized Garbage (payment required)	
	PC (desktop, laptop)	Recycling PC	Please refer to p21
	PC (internal parts)	Recycling PC	Please refer to p21
	PC desk (metal)	Recyclable	metal
	Peanut shells	Kitchen Waste	
	Peanut shells	Kitchen Waste	
	Pedometers	Non-combustible	
	Peelers (metal)	Recyclable	metal
	Peelers (plastic)	Non-combustible	
	Pellets for pets (paper)	Combustible	The volume thrown away should not cause the designated bag to rip
	Pencil boxes(metal)	Recyclable	metal
	Pencil boxes(plastic)	Non-combustible	
	Pencil sharpeners (manual)	Non-combustible	
	Pencil sharpeners (motorized)	Non-combustible	
	Pencils and color pencils	Combustible	Pencils are thrown away as "burnable garbage" with the rubber attached
	Pens	Non-combustible	
	Pen-type auto injector cartridges(for home healthcare)	Combustible	Please refer to p9
	Perfume bottles	Recyclable	Rinse off
	Pesticide spray can (lid and nozzle) (plastic)	Plastic	
	PET bottle caps	Plastic	
	Pet bottle labels(paper)	Paper	
	Pet bottle labels(plastic)	Plastic	
	PET bottles with oil	Plastic	Rinse off
	PET bottles without oil	Recyclable	Pet bottle: Remove the lable and rinse out remains
	Pet foods	Kitchen Waste	
	Pet litter	Non-combustible	The volume thrown away should not cause the designated bag to rip
	Pet pads	Combustible	
	Pet waste	Combustible	
Petroleum fan heaters	Recyclable	metal: Remove all the kerosene before throwing away	

	Classification type	Tips for disposal
P	Photo albums (paper pocket type, flush mount type, self-adhesive)	Combustible Leave the plastic pockets in as well
	Photo albums (Plastic, made of chemical fiber)	Non-combustible
	Photo albums (with metal rings)	Non-combustible Metal bindings are recyclable garbage. To be thrown away as "unburnable garbage", if disassembly should not metal
	Photo frames (metal)	Recyclable
	Photo frames (plastic)	Non-combustible
	Photo frames (wooden)	Combustible
	Photo printers	Non-combustible
	Photocopying machines	Non-combustible
	Photographs	Combustible
	Pianos	Difficult Items Please refer to p22(Large musical instruments)
	Pickled plum pits	Kitchen Waste
	Picnic sheets	Non-combustible
	Picture books	Recyclable Tie the catalogs together
	Pieces of wood (DIY)	Combustible Please refer to p8. To be cut in a 30 degree angle and disposed off in a designated garbage bag.
	Pillow covers	Combustible
	Pillows (buckwheat shells/rattan)	Combustible
	Pillows (cotton)	Combustible
	Pillows (foam/plastic)	Non-combustible
	Pillows (sponge)	Non-combustible
	Ping pong tables	Oversized Garbage (payment required)
	Pipe beds	Recyclable metal
	Pipe racks	Recyclable metal: If possible, to be dismantled before disposal
	Pipe racks (plastic)	Non-combustible
	Pipe racks(stainless steel)	Recyclable metal: If possible, to be dismantled before disposal
	Plant pots (ceramic and plastic)	Non-combustible
	Plastic bags	Plastic Cooling bags are considered "unburnable garbage"
	Plastic bags	Plastic Disposable shopping bags are to be thrown away empty
	Plastic bags	Plastic Disposable shopping bags are to be thrown away empty
	Plastic bags for soup/vegetables in cup ramen	Combustible To be thoroughly rinsed and then disposed off as "plastic containers and packaging"
	Plastic bottles	Non-combustible
	Plastic containers	Non-combustible
	Plastic containers (kitchen)	Non-combustible
	Plastic drawer organizers	Free of Charge Oversized Garbage
	Plastic for instant curry etc.	Combustible To be thoroughly rinsed and then disposed off as "plastic containers and packaging"
	Plastic models	Non-combustible
	Plastic part of tissue boxes	Plastic
	Plastic rice spoons	Non-combustible
	Plastic wrap for foodtrays	Combustible
	Plastic wrap paper packaging	Paper Remove the blade and put it with the Non-burnable
	Plastic wrap paper rolls	Paper
	Plastic wraps	Combustible
	Plastic wraps (for fruit, vegetables, etc.)	Plastic
	Plugs	Recyclable Small consumer electronics
	Plywood	Difficult Items Please refer to p22 (building materials section)
	Poles (plastic) • gardening	Non-combustible
	Poles for gardening(plastic)	Non-combustible
	Poles(metal) • gardening	Recyclable metal
	Poles for gardening(metal)	Recyclable metal

	Classification type	Tips for disposal
P	Polyethylene bags	Plastic
	Polyvinyl chloride pipes	Difficult Items Please refer to p22 (building materials section)
	Portable ACs	Non-combustible If it does not fit inside a designated garbage bag, throw away as Large-Size Waste
	Portable DVD players	Recyclable Small consumer electronics
	Portable fridges (with cooling system)	Electric Appliances Recycling Please see p20
	Portable fridges (without cooling system)	Recyclable metal
	Portable game consoles	Recyclable Small consumer electronics
	Portable gas burners	Recyclable metal
	Portable gas cylinders	Recyclable To be thrown away according to material indication: Make a whole before disposal
	Portable ice chests/ Portable ice bags	Non-combustible
	Portable kerosene can	Recyclable metal: Dispose after thoroughly removing the contents
	Portable music players	Non-combustible
	Portable television	Non-combustible
	Portable toilets	Non-combustible If it does not fit inside a designated garbage bag, throw away as Large-Size Waste
	Post cards	Paper Thick items with photos inside are considered "paper waste"
	Posters	Paper
	Post-its	Paper
	Potato starch	Kitchen Waste
	Pots	Non-combustible
	Pots (for flowers)	Non-combustible
	Pots for cooking rice	Recyclable metal
	Pottery	Non-combustible
	Potties	Non-combustible
	Powder cleaner (paper)	Combustible Remove the metal part and throw it as unburnable trash
	Pressure cookers	Recyclable metal
	Price tags	Paper
	Printers(for domestic purposes)	Non-combustible
	Projectors (for domestic purposes)	Non-combustible
	Propane gas tanks	Difficult Items Please refer to p22
	Pruning scissors	Recyclable metal
	Pruning shears	Recyclable metal
	Public PHS terminals	Recyclable Small consumer electronics: Public PHS terminals can also be collected at retail stores
	Pull-tops	Recyclable To be thrown away according to material indication
	Puzzles (paper)	Paper
	Puzzles(plastic)	Non-combustible
	Puzzles(wooden)	Combustible
	PVC pipes	Non-combustible Only those items for kitchen gardens etc.
R	Racks(metal)	Recyclable metal
	Rackets (carbon)	Non-combustible
	Rackets (metal)	Recyclable metal
	Rackets (plastic)	Non-combustible
	Rackets (wooden)	Combustible
	Radio receivers	Non-combustible
	Radios	Non-combustible
	Rain gutters	Difficult Items Please refer to p22 (building materials section)
	Rainboots	Non-combustible
	Raincoats	Non-combustible
	Rakes (bamboo)	Combustible

	Classification type	Tips for disposal	
R	Rakes (metal)	Recyclable metal:To be thrown away with the handle attached	
	rattan	Combustible	
	Razors	Non-combustible	
	Razors (spares as well)	Non-combustible	
	Receipts	Paper	
	Reception/waiting room furniture (sofa)	Oversized Garbage (payment required)	
	Reception/waiting room furniture (table)	Oversized Garbage (payment required)	
	Record packaging	Paper	
	Records	Non-combustible	
	Reed screens	Oversized Garbage (payment required)	
	Refrigerators & freezers	Electric Appliances Recycling	Please see p20
	Reinforcement steel	Difficult Items	Please refer to p22 (building materials section)
	Remote controls	Recyclable	Small consumer electronics : Remove the batteries
	Resin corrugated sheets	Recyclable	metal
	Rice	Kitchen Waste	
	Rice bowls	Non-combustible	
	Rice bran	Kitchen Waste	
	Rice cookers (gas/electric)	Recyclable	metal
	Rice keepers (metal)	Recyclable	metal
	Rice keepers (plastic)	Non-combustible	If it does not fit inside a designated garbage bag, throw away as Large-Size Waste
	Rice plant boxes	Plastic	Wipe off before throwing away
	Rims (for cars)	Difficult Items	Please refer to p22
	Rings	Non-combustible	Rare metals should be taken to stores offering respective services
	Roasters	Recyclable	metal
	Rollators	Free of Charge Oversized Garbage	
	Roller skates	Non-combustible	
	Roofing	Difficult Items	Please refer to p22 (building materials section)
	Ropes	Non-combustible	
	Routers (telecommunication equipment)	Non-combustible	
	Row cover (garden quilt)	Non-combustible	
	Rubber balls	Non-combustible	
	Rubber bands	Non-combustible	
	Rubber boats	Free of Charge Oversized Garbage	Let out the air before disposal
	Rubber gloves	Non-combustible	
	Rubber hoses	Non-combustible	
	Rubber mats	Non-combustible	
	Rubber sheets	Non-combustible	
	Rubber stamps(plastic)	Non-combustible	
	Rubber stamps(wooden)	Combustible	
	Rucksacks	Non-combustible	
	Rugs	Free of Charge Oversized Garbage	
Rulers (Metal)	Recyclable	metal	
Rulers (Plastic)	Non-combustible		
Rulers (wooden, bamboo)	Combustible		
S	Safes (fire-resistant)	Difficult Items	Please refer to p22
	Safes (portable)	Recyclable	metal
	Safety boots	Non-combustible	
	Safety pins	Non-combustible	

	Classification type	Tips for disposal	
S	Sake glass bottle lids (1.8 litres)	Plastic	
	Sake glass bottles (1.8 litres)	Recyclable	Rinse off
	Salted rice bran beds used for pickling	Kitchen Waste	
	Sandals	Non-combustible	
	Sandbags	Non-combustible	
	Sandpaper	Combustible	
	Sandpaper	Combustible	
	Sanitary goods	Combustible	Wrap your sanitary goods in paper
	Sash windows	Difficult Items	Please refer to p22 (building materials section)
	Sauce pans (earthenware/glass)	Non-combustible	
	Sauce pans/sauce pan lids (metal/enamel/copper)	Recyclable	metal
	Sausage packaging	Combustible	
	Saws	Recyclable	metal
	Scales (metal)	Recyclable	metal
	Scales (plastic)	Non-combustible	
	Scanners • All-in-one printers(personal use)	Non-combustible	
	School bags	Non-combustible	
	Scissors	Recyclable	metal
	Scooters	Free of Charge Oversized Garbage	
	Scraps of paper	Paper	To be thrown away as "burnable garbage", when heavily oil-stained
	Screen doors (sash part)	Difficult Items	Please refer to p22 (building materials section)
	Screens (for screen doors • Window frame rubber seals)	Non-combustible	
	Screwdrivers	Recyclable	metal
	Scrubbing brushes	Non-combustible	
	Seals (inkan)	Non-combustible	Wooden seals should be thrown away as burnable waste
	Seasoning	Combustible	
	Seasoning containers	Plastic	Rinse off
	Seasoning containers (cans)	Recyclable	To be thrown away according to material indication
	Seasoning containers (jars)	Recyclable	
	Seaweed containers (glass, steel)	Recyclable	
	Seaweed containers (plastic)	Plastic	
	Seedling pots	Difficult Items	Please refer to p22
	Septic tank air pumps	Difficult Items	Items replaced by yourself are considered "recyclable garbage"
	Setomono (pottery/porcelain)	Non-combustible	
	Set-top boxes for cable television	Non-combustible	
	Sewing machines	Recyclable	metal
	Shade nets (for domestic use)	Difficult Items	Please refer to p22:Because substances affecting the quality of water will ooze out, the city does not accept this type of waste
	Shamisen (Japanese guitar)	Free of Charge Oversized Garbage	
	Shampoo/hair conditioner containers	Plastic	Rinse off and dry
	Shaved ice machine (plastic)	Non-combustible	
	Shaved ice machines (metal)	Recyclable	metal
	Sheet glass	Recyclable	Sheet glass : Includes broken items as well
	Sheet glass	Recyclable	Sheet glass : Includes broken items as well
	Sheets	Combustible	
	Sheets (bamboo)	Combustible	
	Shells	Kitchen Waste	
	Shelves(Steel)	Recyclable	metal: If possible, to be dismantled before disposal
	Shelves(wooden)	Oversized Garbage (payment required)	

	Classification type	Tips for disposal
S	Shoe boxes (plastic)	Free of Charge Oversized Garbage
	Shoe boxes (wooden)	Oversized Garbage (payment required)
	Shoes	Non-combustible
	Shouji doors	Difficult Items Please refer to p22 (building materials section)
	Shouji paper (paper)	Combustible If not used yet, throw away as paper
	Shouji paper (plastic)	Non-combustible
	Shovels (plastic)	Recyclable metal:May be thrown away with the wooden part still attached
	Shower stools (plastic)	Non-combustible
	Shower stools (wooden)	Combustible
	Shredded paper(personal use)	Non-combustible
	Shrimp shells (head, skin, tail)	Kitchen Waste
	Shrine charms	Non-combustible
	Shutters	Difficult Items Please refer to p22 (building materials section)
	Shutters(wooden)	Difficult Items Please refer to p22 (building materials section)
	Shuttlecock (feathers)	Combustible
	Shuttlecock (nylon)	Non-combustible
	Sickles	Recyclable metal:To be thrown away with the handle attached
	Side dish packages	Plastic Rinse off
	Sideboards	Oversized Garbage (payment required)
	Silicone cups	Non-combustible
	Sinks	Difficult Items Please refer to p22 (building materials section)
	Skateboards	Non-combustible
	Skateboards	Non-combustible
	Skateboards	Non-combustible
	Skeletal frames	Recyclable metal
	Sketchbook rings	Non-combustible
	Sketchbooks	Recyclable Tie the catalogs together
	Skewers (metal)	Recyclable metal
	Skewers (plastic)	Non-combustible
	Skewers (wooden)	Combustible
	Ski boots	Non-combustible
	Skis	Free of Charge Oversized Garbage
	Skiwear	Combustible
	Slates	Difficult Items Please refer to p22 (building materials section)
	Sleeping bags	Combustible
	Slides (for inside)	Free of Charge Oversized Garbage
	Slippers	Non-combustible
	Slippers(rubber)	Non-combustible
	Slot machines(for domestic use)	Oversized Garbage (payment required) Domestic use karaoke machines only
	Small gaming device (gameboy, nintendo switch etc.)	Recyclable Small consumer electronics
	Small sized chargable battery	Recyclable Batteries : Please refer to p17
	Small suitcases	Non-combustible If it does not fit inside a designated garbage bag, throw away as Large-Size Waste
	Smoke bombs (in case of car breakdown)	Non-combustible Soak in water before throwing away
	Smoke insecticides (Sliding-lid-type)	Non-combustible
	Smoke insecticides (Step-on-type * spray cans)	Recyclable To be thrown away according to material indication: Make a whole before disposal.The cap is considered "plastic".
	Smoke insecticides (water-using-type)	Non-combustible The water container is plastic garbage
	Snowboards	Free of Charge Oversized Garbage
	Soaps	Combustible

	Classification type	Tips for disposal
S	Socks	Combustible
	Soda pop bottles	Recyclable The plastic part of the spout and the marble can be left as they are.
	Sofa beds	Oversized Garbage (payment required)
	Soil (for planters)	Free of Charge Oversized Garbage Domestic use agriculture PP bags only
	Soil for flowers	Free of Charge Oversized Garbage If it does not fit into a designated bag, take it directly to the waste disposal plant
	Solar water heaters	Difficult Items Please refer to p22
	Solar water heating	Difficult Items Please refer to p22
	Somen packaging (wooden)	Combustible
	Soy sauce bottles(PET)	Recyclable Wipe off before throwing away
	Soy sauce bottles(plastic)	Plastic Rinse off and dry
	Soy sauce bottles (Sealed bottles)	Combustible To be thoroughly rinsed and then disposed off as "plastic containers and packaging"
	Speakers	Free of Charge Oversized Garbage
	Spiked shoes	Non-combustible
	Sponges (for dishes, make-up)	Non-combustible
	Sports shoes	Non-combustible
	Spray bottle caps (plastic)	Plastic
	Spray bottle nozzles (plastic)	Plastic
	Spray bottles (metal)	Recyclable To be thrown away according to material indication: Make a whole before disposal
	Spray bottles (plastic)	Plastic Rinse off and dry
	Spray paint	Recyclable To be thrown away according to material indication: Make a whole before disposal
	Sprayers (metal)	Recyclable metal
	Sprayers (plastic)	Non-combustible
	Spring mattresses	Oversized Garbage (payment required)
	Springs	Recyclable metal:Small items are to be put into a designate bag and thrown away
	Sprouts sponges	Combustible
	Staplers	Non-combustible
	Staples	Non-combustible
	Steam cookers (bamboo/wooden)	Combustible
	Steam cookers (metal)	Recyclable metal
	Steel cans	Recyclable Steel cans : Rinse off
	Steel frames	Difficult Items Please refer to p22 (building materials section)
	Stepladders	Recyclable metal
	Stereos	Non-combustible If it does not fit inside a designated garbage bag, throw away as Large-Size Waste
	Stickers * Stickerpaper	Combustible
	Stockings	Combustible
	Storage boxes (paper)	Non-combustible
	Storage boxes (plastic)	Combustible
	Storage containers for clothes (metal)	Recyclable metal
	Storage containers for clothes (plastic)	Non-combustible If it does not fit inside a designated garbage bag, throw away as Large-Size Waste
	Storage tubes (mainly paper)	Combustible
	Stoves	Recyclable metal: Remove all the kerosene before throwing away
	Straps	Non-combustible
	Straw hats	Combustible
	Straw mats	Combustible
	Straws	Non-combustible
	Straws packaging (paper)	Paper
	Straws packaging (plastic)	Plastic
	String trimmers	Recyclable metal

	Classification type	Tips for disposal	
S	Strings, cords	Combustible	
	Strollers	Free of Charge Oversized Garbage	
	Strollers/pushcars	Free of Charge Oversized Garbage	
	Stuffed toys	Non-combustible	
	Styrofoam	Recyclable	Styrofoam: Those items with a "plastic" label are to be disposed off as "styrofoam packaging"
	Styrofoam for packaging	Recyclable	Styrofoam items: in case it's small the styrofoam is to be disposed in a designated plastic bag
	Suit	Combustible	
	Suitcases	Non-combustible	If it does not fit inside a designated garbage bag, throw away as Large-Size Waste
	Suits	Combustible	
	Sun shades (for cars)	Non-combustible	
	Sunglasses	Non-combustible	
	Surfboards	Free of Charge Oversized Garbage	
	Suspenders	Non-combustible	
	Swabs	Combustible	
	Switch type (electricity conservation tap) cord	Recyclable	Small consumer electronics
	Synthetic leather products	Non-combustible	
	T	Tabi	Combustible
Table (glass)		Free of Charge Oversized Garbage	Keepers that include metal parts should be thrown away as recyclable garbage
Table (wooden)		Oversized Garbage (payment required)	
Tablecloths (fabric)		Combustible	
Tablecloths (vinyl)		Non-combustible	
Tablets (e-book devices)		Recyclable	Small consumer electronics
Tableware (glass, pottery, plastic)		Non-combustible	
Tableware (wooden)		Combustible	
Tableware cupboards		Oversized Garbage (payment required)	
Tableware cupboards(metal)		Recyclable	metal
Tableware made from glass		Non-combustible	
Talismans		Combustible	
Tape measures		Non-combustible	
Tarps		Non-combustible	
Tatami mats		Difficult Items	Please refer to p22 (building materials section)
Taxidermy		Combustible	If it does not fit inside a designated garbage bag, throw away as Large-Size Waste
Tea bags		Combustible	Dry before throwing away
Tea caddies (metal)		Recyclable	metal
Tea caddies (plastic)		Non-combustible	
Tea caddies (wooden)		Combustible	
Tea cups		Non-combustible	
Tea leaves		Kitchen Waste	Tea bags should be thrown as burnable garbage
Tea pots		Non-combustible	
Telephone cards		Non-combustible	
Telephones		Recyclable	Small consumer electronics
Telescopes (binoculars)		Non-combustible	
Textbooks		Recyclable	Tie the catalogs together
Thermal insulated lunch boxes (metal)		Recyclable	metal
Thermal insulated lunch boxes (plastic)		Non-combustible	
Thermo pots		Non-combustible	
Thermometers		Non-combustible	Take items containing mercury directly to the waste disposal plant
Thinner		Difficult Items	Please refer to p22

	Classification type	Tips for disposal	
T	Thinner cans	Recyclable	metal: Dispose after thoroughly removing the contents
	Threads (paper・linen)	Combustible	
	Threads (plastic)	Non-combustible	
	Thumbtacks	Non-combustible	
	Tiles	Difficult Items	Please refer to p22 (building materials section)
	Timber	Difficult Items	Please refer to p22 (building materials section)
	Tiny light bulbs	Recyclable	Fluorescent lights・Light bulbs
	Tire chains (metal)	Recyclable	metal
	Tire chains (rubber)	Non-combustible	
	Tires	Difficult Items	Please refer to p22
	Tissue boxes	Paper	
	Tissues	Combustible	
	Toasters	Recyclable	metal
	Toilet brushes	Non-combustible	
	Toilet paper	Combustible	
	Toilet paper cores	Paper	
	Toilet seat covers	Combustible	
	Toilet seats (washlets)	Non-combustible	The rest of the toilet should be thrown as Difficult Items
	Toothbrushes	Non-combustible	
	Toothpaste tubes	Combustible	To be thoroughly rinsed and then disposed off as "plastic containers and packaging"
	Toothpicks	Combustible	
	Toughened glass	Non-combustible	
	Towels	Combustible	
	Toy building blocks	Combustible	
	Toys (Metal)	Recyclable	metal
	Toys (Metal)	Recyclable	metal: Domestic use trolleys only
	Toys (Plastic)	Non-combustible	
	Toys (Wooden)	Combustible	
	Traditional short winter coats	Combustible	
	Transceivers	Non-combustible	Remove the batteries
	Trash cans (metal)	Recyclable	metal
	Trash cans (plastic)	Non-combustible	
	Trays (Metal)	Recyclable	metal
	Trays (Plastic)	Non-combustible	
	Trays (Wooden)	Combustible	
	Trays to dry mochi (plastic)	Non-combustible	
	Trays to dry mochi (wooden)	Oversized Garbage (payment required)	
	Tree trunks・logs	Difficult Items	Please refer to p22
	Triangular sink tidies (metal)	Recyclable	metal
	Triangular sink tidies (plastic)	Non-combustible	
	Tricycles (for children)	Recyclable	metal
	Tripods	Recyclable	metal
	Trolleys	Recyclable	metal: Domestic use trolleys only
	Trolleys(plastic)	Non-combustible	If it does not fit inside a designated garbage bag, throw away as Large-Size Waste
	Trolleys(wooden)	Oversized Garbage (payment required)	
	Trophies	Non-combustible	Ribbons should be thrown away as burnable garbage
	Trouser presses	Recyclable	metal
	T-shirts	Combustible	

		Classification type	Tips for disposal	
T	Tube caps (plastic)	Combustible	To be thoroughly rinsed and then disposed off as "plastic containers and packaging"	
	Tube containers made from plastic	Combustible	To be thoroughly rinsed and then disposed off as "plastic containers and packaging"	
	Tubes (for home healthcare)	Combustible	Please refer to p9. Tubes where the needle is still attached will not be collected	
	Tubes (metal)	Non-combustible	Ointments and paints etc.	
	Tubes (plastic)	Combustible	To be thoroughly rinsed and then disposed off as "plastic containers and packaging"	
	Tumbler (plastic)	Non-combustible		
	Tumbler (stainless steel)	Recyclable	metal	
	Tuners (digital tuners)	Non-combustible		
	TV	Electric Appliances Recycling	Please see p20	
	TV stands	Oversized Garbage (payment required)		
	U	Umbrella holders (ceramic/ plastic)	Non-combustible	
Umbrella holders (metal)		Recyclable	metal	
Umbrellas		Non-combustible	When throwing away umbrellas, only the framework is accepted	
Underlays (stationary)		Non-combustible		
Underwear		Combustible		
Unicycle tyres (with wheels)		Recyclable	metal	
Unicycles (for work, for sport)		Recyclable	metal	
Urinary bags(for home healthcare)		Combustible	Please refer to p9	
USB flash drives		Non-combustible		
USB memory cards • sticks		Non-combustible		
V		Vacuum cleaner bags	Combustible	The content may be thrown away as it is
	Vacuum cleaners	Non-combustible	Will be collected even when the hose protrudes from the designated bag	
	Vacuum flask	Non-combustible		
	Vacuum sealed bags	Non-combustible		
	Vanities (metal)	Recyclable	metal	
	Vanities (wooden)	Oversized Garbage (payment required)		
	Vases (glass, ceramic, plastic)	Non-combustible		
	Vases (metal)	Recyclable	metal	
	VCR projectors	Non-combustible		
	Vegetable graters (metal)	Recyclable	metal	
	Vegetable graters (plastic)	Non-combustible		
	Vegetable graters (wooden)	Combustible		
	Vegetable scraps (peels, leaves etc)	Kitchen Waste		
	Ventilation fan filters	Non-combustible		
	Ventilation fans (metal)	Recyclable	metal: Remove as much of the oil stains as you can	
	Ventilation fans(plastic)	Non-combustible		
	Ventilators	Recyclable	metal	
	Video cameras	Recyclable	Small consumer electronics:To be returned to respective shops	
	Video cassette recorders	Recyclable	Small consumer electronics	
	Video tape cases (paper)	Paper		
	Video tape cases (plastic)	Non-combustible		
	Video tapes	Non-combustible		
	Vinyl cord	Non-combustible		
	Vinyl gloves	Non-combustible		
	Vinyl raincoats	Non-combustible		
	Vinyl sheets	Non-combustible		
	Vinyl tape	Non-combustible		
	W	Walkers	Non-combustible	If it does not fit inside a designated garbage bag, throw away as Large-Size Waste

		Classification type	Tips for disposal
W	Walkers	Recyclable	metal
	Wallets	Non-combustible	
	Walnuts	Kitchen Waste	
	Warm air heaters	Recyclable	metal
	Wash basins	Difficult Items	Please refer to p22 (building materials section)
	Wash basins (metal)	Recyclable	metal
	Wash basins (plastic)	Non-combustible	If it does not fit inside a designated garbage bag, throw away as Large-Size Waste
	Wash bowls (plastic)	Non-combustible	
	Washing line poles (bamboo)	Combustible	Cut them into 60cm-long branches and tie them with a string
	Washing line poles (metal)	Recyclable	metal
	Washing line poles (plastic)	Non-combustible	
	Washing machines	Electric Appliances Recycling	Please see p20
	Washing nets	Non-combustible	
	Washing powder	Combustible	
	Watches	Recyclable	Small consumer electronics
	Water boilers	Recyclable	metal
	Water filters	Non-combustible	
	Water heaters	Difficult Items	Please refer to p22
	Water keepers	Non-combustible	Keepers that include metal parts should be thrown away as recyclable garbage
	Water server containers (bag/ tank)	Plastic	Only garbage marked with the "plastic" label are considered plastic garbage. Garbage without the label is considered "unburnable".
	Watering cans (metal)	Recyclable	metal
	Watering cans (plastic)	Non-combustible	
	Wax cans	Recyclable	To be thrown away according to material indication: Wipe off with paper/fabric
	Wax paper	Combustible	
	Wax paper	Combustible	
	Wine lids (metal)	Non-combustible	
	Weeds	Kitchen Waste	If there are too many, put them in a designated bag next to the bucket
	Weighing scales	Recyclable	metal
	Weight stones for pickles	Non-combustible	
	Wet tissues	Combustible	
	Wet tissues	Combustible	
	Wet tissues containers (plastic)	Plastic	
	Wheat flour	Kitchen Waste	
	Wheelchairs	Recyclable	metal
	White boards	Recyclable	metal
	Wigs	Combustible	
	Wigs (hairpieces)	Combustible	
	Wind chimes (glass, pottery)	Non-combustible	
	Wind chimes (metal)	Recyclable	metal
	Windbreaker jackets	Combustible	
	Window blinds (metal)	Recyclable	metal
	Window blinds (plastic/wooden)	Free of Charge Oversized Garbage	If it does not fit into a designated bag, take it directly to the waste disposal plant
	Windowpanes	Difficult Items	Please refer to p22 (building materials section)
	Wine bottles	Recyclable	Broken lamps should also be thrown away as recyclables
	Wine coolers	Electric Appliances Recycling	Please see p20
	Wine lids (cork)	Combustible
