

Q. What to do with the garbage we collected as a community/volunteer group?

A. Please contact the waste disposal plant before cleaning any public place. We will schedule a meeting date and discuss how to collect the garbage.

We will ask you to separate the burnable garbage, unburnable garbage and recycling garbage. For more information, please contact the waste disposal plant.

Waste Disposal Plant 24-0959

- Kobayashi Waste Disposal Plant 2 4 - 0 9 5 9
- Social Affairs and Environmental Division 2 3 - 8 1 2 2

※ Please contact the Social Affairs and Environmental Division if you have any questions related to obtaining garbage bags when volunteering for the activities shown above.

Q. We just moved and have a lot of garbage. What should we do?

A. You can bring your garbage to the waste disposal plant after you have sorted it. However, if you need to dispose of your garbage as soon as possible, you can contact a garbage collection company (for a fee).

- Social Affairs and Environmental Division 2 3 - 8 1 2 2 (Please bring your sela, *Inkan.*)

Q. What to do if I find illegal dumping?

A. Illegal dumping is prohibited by law. Please report it to the waste disposal plant. If you find a large amount of it, please report it to the Kobayashi Police Station. Disposal of abandoned garbage will be land owner's responsibility.
